

Education: Special Approaches

Jan van den Berg

TU Delft/Leiden University/Cyber Security Academy

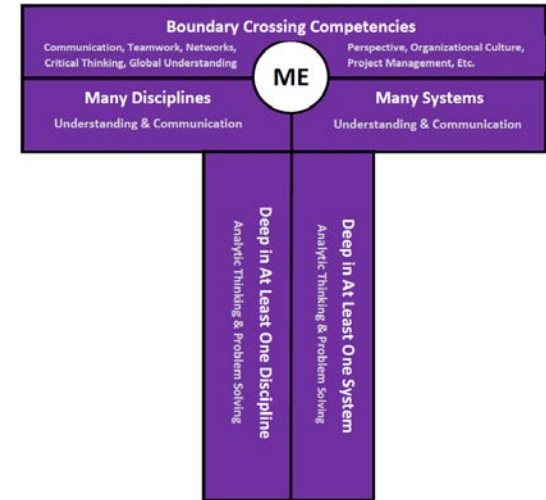

email: j.vandenberg@tudelft.nl

Points of Attention

- Cyber Security = Securing the 5th domain of Cyberspace
- Societal + Organisational + Personal *Risk Mgt challenge*

➔ Educational goals: (T-model)

1. Understanding the *overall challenge* (requiring a holistic approach)
2. Becoming a *specialist* who knows what his/here contribution is

Example programs

- 4TU MSc CyS: *technical* focus
(within a business-societal cyber risk management perspective)
see: <https://www.4tu.nl/cybsec/en/>
- Executive MSc CyS: *societal & governance* focus
(holistic cyber risk management perspective with specialization)
see: [this link](#)
- Professional MSc CyS: *technical* focus
(within business cyber risk management perspective)
(in preparation!: see also [this link](#))
